

# Yung Lean, How U Like Me Now?

[Verse 1: Yung Lean]

We rollin' round, segway scooters  
Shooting lasers, bring you down  
Gotta grind everyday, like get the fucking money now  
All these bitches tryna hold me down  
Demons in the wind, I'll be puffing on clouds  
We rollin' round, segway scooters  
Shooting lasers, bring you down  
Gotta grind everyday, like get the fucking money now  
All these bitches tryna hold me down  
No one on our level shawty  
How you like us now?

[Hook: Yung Lean]

How you like me now, shawty?  
How you like me now?  
How you like me now, shawty?  
How you like me now?  
How you like me now, shawty?  
How you like me now, now?  
How you like me now, shawty?  
How you like me now?

[Verse 2: Thaiboy]

How you like me now? How you like me now? (Thaiboy)  
How you like me now? How you like me now?  
No one on my level, how you like me now?  
Whip some work, count it like you've never heard  
With my money, take you from the earth  
Watch me do, all I do is splurge  
Doing what I choose, all I do is splurge  
Yeah, I'm still down beneath the earth  
Thaiboy, Thaiboy, swag, do all the work (all the work)  
Thaiboy, Thaiboy, cash doing all the earth (all the earth)  
Thaiboy, I don't lie, still far from perfect

[Hook: Yung Lean & Thaiboy]

How you like me now, shawty?  
How you like me now?  
How you like me now, shawty?  
How you like me now?  
How you like me now, shawty?  
How you like me now, now?  
How you like me now, shawty?  
How you like me now?  
How you like me now, shawty?  
How you like me now?  
How you like me now, shawty?  
How you like me now?  
How you like me now, shawty?  
How you like me now, now?  
How you like me now, shawty?  
How you like me now?

[Verse 3: Yung Lean]

I'm on top of the earth with Darth Vader snorting blow  
If you tell me do that, I'll probably say no  
Six blunted skeletons with me wherever I go  
It's whatever, live forever  
So I pour it up slow  
I got the best of that shit, breaking bottles in the snow  
Euros, hundreds, hundreds, ice, diamonds, sipping Coke though  
Sixties, fifties, spend them so I can't see no evil spirits  
Bitch I've been blessed

[Hook: Yung Lean]

How, how, how you like me now, shawty?

How you like me now?

How you like me now, shawty?

How you like me now?
