

YUNGBLUD, Hope For The Underrated Youth

if i left today
would you wait for me
or would you thoro is all away?
let a magazine say
should I call right away
cut allof my hair off
and change my second name
from a juvenile state

and just take my heart out
that'll make it better
I won't be sorry
better late then never
just take my heart out
that'll make it better
hiding all my feelings
but I know that I'm not dreaming

cause there's hope for the underrated youth
and I am so far from telling you the truth
cause you keep on pulling me down
pulling me down
pulling me down
pulling me down
there's hope for the underrated youth

cause there's hope for the underrated youth
and I am so far from telling you the truth
cause you keep on pulling me down
pulling me down
pulling me down
pulling me down
there's hope for the underrated youth
cause there's hope for the underrated youth
and I am so far from telling you the truth
cause you keep on pulling me down
pulling me down
pulling me down
pulling me down
there's hope for the underrated youth
