

YUNGBLUD, Parents

i was born a messed up century
my favourite flavoured sweets are raspberry amphetamines
I bought a car, Beretta age 16
I brush my teeth with bleach
cause I ain;t got time for cavities
my daddy put a gun to my head
said if you kiss a boy
I gona shoot you dead
so I tired him up with gaffa tape
and I locked him in a shed
then I went out ot the garden
and I fucked my best friend

cause my high hipes are getting low
cecause these people are so old
the way think about it all
if I tired, I would never know
my high hopes are getting low
but I know I'll never be alone
it's alright, we'll survive
cause parents ain;t always right

I, I, I, I /5x
