

# Zaga Rehn, Uncover

Nobody sees, nobody knows  
We are a secret, can't be exposed  
That's how it is, that's how it goes  
Far from the others, close to each other

In the daylight, in the daylight  
When the sun is shining  
On a late night, on a late night  
When the moon is blinding  
In plain sight, plain sight  
Like stars in hiding.  
You and I burn on, on

Put two and to-gether, for-ever will never change  
Two and to-gether will never change

Nobody sees, nobody knows  
We are a secret, can't be exposed  
That's how it is, that's how it goes  
Far from the others, close to each other  
That's when we uncover, cover, cover  
That's when we uncover, cover, cover

My silent, my silent  
Is in your arms  
When the worlds gives, heavy burdens  
I can bare a thousand times  
On your shoulder, on your shoulder  
I can reach an endless sky  
Feels like paradise

Put two and to-gether, for-ever will never change  
Two and to-gether will never change

Nobody sees, nobody knows  
We are a secret, can't be exposed  
That's how it is, that's how it goes  
Far from the others, close to each other  
That's when we uncover, cover, cover  
That's when we uncover, cover, cover

We could build a universe right here  
All the world could disappear  
Wouldn't notice, wouldn't care  
We could build a universe right here  
The world could disappear  
I just need you near

Nobody sees, nobody knows  
We are a secret, can't be exposed  
That's how it is, that's how it goes  
Far from the others, close to each other  
That's when we uncover, cover, cover  
That's when we uncover, cover, cover  
That's when we uncover
