

# Zara Larsson, Never Forget You

I used to be so happy  
But without you here I feel so low  
I watched you as you left but I can never seem to let you go  
Cause once upon a time you were my everything  
It's clear to see that time hasn't changed a thing  
It's very deep inside me but I feel there's something you should know

I'll never forget you  
You will always be by my side  
From the day that I met you  
I knew that I would love you till the day I die  
And I will never want much more  
And in my heart I will always be sure  
I will never forget you  
And you'll always be by my side till the day I die

Till the day I die..

Funny how we both end happy but everything seems alright  
I wonder what will happen  
If we went back and put up a fight  
Cause once upon a time you were my everything  
It's clear to see that time hasn't changed a thing  
So do thoughtful whisper you think I'll ever take you off my mind

I'll never forget you  
And you'll always be by my side  
From the day that I met you  
I knew that I would love you till the day I die  
And I will never want much more  
And in my heart I will always be sure  
I will never forget you  
And you'll always be by my side till the day I die

Doing it, loving it  
Everything that we do  
And all along, I knew I had something special with you  
But sometimes you just gotta know that these things fall through  
But I'm still tired and I can't hide my connection with you

Feeling it, loving it  
Everything that we do  
And all along, I knew I had something special with you  
But sometimes you just gotta know that these things fall through  
I can't hide my connection with you

I'll never forget you  
And you'll always be by my side  
From the day that I met you  
I knew that I would love you till the day I die  
And I will never want much more  
And in my heart I will always be sure  
That I will never forget you  
And you'll always be by my side till the day I die

Till the day I die...

I'll never forget you...

Till the day I die.
