

# Zayn Malik, Calamity (Comic 1)

Nostalgia  
What a funny feeling  
I feel depleted  
From feelings  
I've been revealing

It's do or die  
I am not going willing  
But when it's time wrap in white linen  
I rap this

I say it for my sanity  
Whatever the calamity  
I didn't do this for myself

Fuck all your fantasies  
You're a snake fell off the ladder  
I prefer speaking in analogies  
I've had enough of all this wet  
And I can't trust that you're my family

I don't know what next  
The brain dead that I never miss  
My brain lives with the cannabis  
Can I resist the dark abyss
