

ZEAL & ARDOR, to my ilk

Mmm
Mmm

They'll make you come alive one day
They'll make you step inside to make you pay
So don't get stuck in pride, my love
When you'll be watching me from far above

As long as they come, hold your bones to break 'em
Only when the day come, you can sail away
My child, my dear
My child, my love
My love
Mmm

They'll take you far away, my kin
They'll take you places you have never been
So don't get lost in thought, my ilk
Wrapped in finest cloth and finest silk

As long as they come, hold your bones to break 'em
Only when the day come, you can sail away
My child, my dear
My child, my love
My love

Oh
Mmm
Oh
Mmm
Oh
Oh
