

# Zucchero, Flying Away

Stand  
You've got to make a stand  
Take your cards and then you play your hand  
Fate may call  
Tears may fall  
Through it all  
You'll do your best to stand  
Until you understand  
And the sorrow falls away so far below you

Flying away - come sei bella  
Flying away - tu scendi da una stella  
Flying away - cosi' talmente bella  
Flying away

Stand  
And face the future square  
Bless the past and walk away from there  
'cause that was him  
And this is you  
And every day you're someone new

So stand  
And you will understand  
Leave the sorrow and dark memories behind you

Flying away - come sei bella  
Flying away - tu scendi da una stella  
Flying away - cosi' talmente bella  
Flying away

Everyone wishes they could go back  
Everyone wishes but no one can  
So you keep the good and sweep the rest behind you

Flying away - come sei bella  
Flying away - tu scendi da una stella  
Flying away - cosi' talmente bella  
Flying away  
Fly away  
Fly away  
Fly away  
Fly  
Fly  
Fly
